TEXT:

QuadraMed CPA provides detailed cost and profitability analysis, resource utilization and **financial** benchmarking that enable **healthcare facility** managers to make sound assessments of treatment patterns, clinical pathways and cost control opportunities. Its integrated, customizable reporting is produced in a straightforward, Web-accessible Windows environment. Integrated internal financial and clinical data is held in a central repository that can be mined by embedded or any number of ad hoc report formats. CPA is designed to have minimal hardware requirements and nominal IT support due to its user-friendly approach to database creation. QuadraMed Corp., Reston, Va. www.rsleads.com/311ht-181

QuadraMed Corporation Announces Market Analysis Agreement With New Jersey Health Care Facilities Financing Authority
PR Newswire, p213SFTH012
Feb 13, 1997

TEXT:

LARKSPUR, Calif., Feb. 13 /PRNewswire/ -- QuadraMed Corporation (Nasdaq: QMDC) announced today the execution of an Agreement with the New Jersey Health Care Facilities Financing Authority (NJHCFFA), through which NJHCFFA has licensed QuantIM(TM) Performance Measurement-Market Analysis. This is the first agreement executed between **QuadraMed** and a state **health care facilities** financing authority, through which the governmental entity will utilize **QuadraMed** software to evaluate, monitor and predict the **financial** viability of **health care facilities** that they **finance**.

Jim Durham, QuadraMed's Chairman, President and Chief Executive Officer stated, "We look forward to the opportunity for our software to be utilized by non-provider governmental authorities as we believe that our performance measurement reporting systems can be put to excellent use in these settings. We plan to pursue similar opportunities throughout our marketplace."

NJHCFFA is the primary issuer of tax-exempt municipal bonds for New Jersey's not-for-profit health care providers. Since 1972, NJHCFFA has issued more than \$7 billion in bonds on behalf of more than 100 health care providers throughout the state.

QuadraMed develops, markets and sells a suite of financial management, decision support and electronic data interchange software products and services designed to enable health care providers to increase operational efficiency and measure the cost of care to facilitate the negotiation of managed care contracts and capitation agreements. In addition, the Company provides business office outsourcing and reimbursement consulting services. QuadraMed has sold its products and services to more than 410 health care providers and has received endorsements from ten state and regional hospital associations.

Except for historical information, the matters discussed in this news release may be considered "forward-looking" statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E

of the Securities Exchange Act of 1934, as amended. Such statements include declarations regarding the intent, belief or current expectations of the Company and its management. Prospective investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve a number of risks and uncertainties that could materially affect actual results. Such risks and uncertainties are identified in the Company's reports and registration statements filed with the Securities and Exchange Commission, including the registration statement on Form SB-2 related to the Company's recent initial public offering and the Quarterly Report on Form 10-QSB for the Quarterly Report on form 10-QSB for the quarter ended September 30, 1996.
